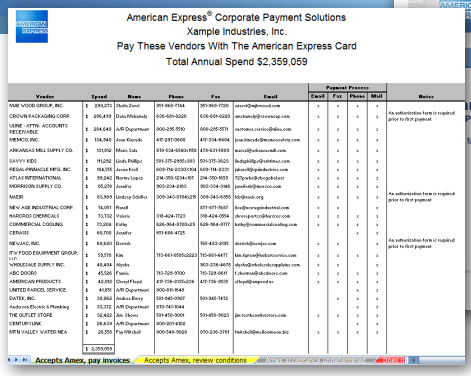
Pay Invoices Smarter.

The proof's in the report.

Now there are two ways to make an informed decision.

Send us a list of your vendors, and we'll produce either a custom **Executive Report** or a **Database Match Report** of your American Express accepting vendors, including associated spend.



American Express® Corporate Payment Solutions
Xample Industries, Inc.
Pay These Vendors With The American Express Card
Total Annual Spend $2,359,059

Executive Report

Database Match Report

Executive Report: Your larger volume vendors are each called for a customized and detailed report. The report includes preferred payment methods and contact information. Produced in Excel format.

Database Match Only: Your vendor list is compared against a database of vendors. Results are based on historical information, and are not necessarily applicable to each client, but are useful as a tool to help determine what overall charge potential may be. Produced in PDF format.

Simply send us the following information in excel, text, or comma delimited format:

Vendor name
Address
City
State
Zip
Phone (*not required for Database Match Reports*)
Annual Spend/YTD Spend

Manager, Business Development: _____

Please send your vendor list to my email address above.

For your Executive Report to be as accurate as possible, we must have permission to use your company name when making calls to vendors.
